## PASSIONATA ROLLER BLIND

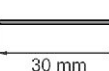

Entirely in-house manufactured following our company's design and experience. Its modern cassette design line together with the smoothly operating mechanism give a feeling of comfort.

- mounted to the window frame with no damage to your window casing
- self-braking mechanism enables holding the fabric in the random position
- it creates the unity with the window (flat flanks integrated with the cassette)
- the option of independent regulation adjustment
- wide range of colours available

## Components:

- |    |   |                                  |
|----|---|----------------------------------|

## Technical informations:

### Dimensions:

Max. width of Passionata roller blind is 1,8 m (excluding blackout fabrics 1,5 m).

For valid price calculation min. width is 0,5 m.

Standard height depends on fabrics and it's between 1,43 - 1,8 m .

Max. available height (with extra charge) depends on fabric's thickness and it's between 1,85 - 2,5 m.

### Colouring:

Standard Passionata colours are: white, grey, beige, yellow, green, brown, blue.

Wood imitation available (with extra charge): golden oak, light oak, dark oak, mahogany, nut.

### Assembly:

Passionata roller blind is fixed with screws to window frame pane and guiding channels are also glued to window frame pane with foam tape.

### Additional informations:

There is no possibility to install electric motors in Passionata roller blind.

Passionata is also available in cheaper PVC-version: white cassette and guiding channels.
